

PNEUMATIC INDUSTRIAL PUMPS

MODELO	DENOMINACIÓN
4LB2500	Oil pneumatic pump, ratio 1:5, wall-mounting High capacity 45 l/min
4LB2600	Oil pneumatic pump, ratio 1:7, wall-mounting High capacity 30 l/min

TECHNICAL SPECIFICATIONS

Pump system	Pneumatic	
Application	Long distances installations, some working places and low and medium viscosity fluids.	Long distances installations, some working places and high viscosity fluids.
Max flow (l/min)	45	30
Recommended pump distance (m)	100 – 200	
Min-max air pressure (Bar)	8 – 2	
Recommended air pressure (Bar)	8	
Airline connection	G 1/2 " H	
Fluid pump connection	G 3/4 " H
